

JURSE 2011

IEEE GRSS and ISPRS
Joint Urban Remote Sensing Event
11-13 April 2011, Munich, Germany

Joint Event of

- ❑ 6th IEEE GRSS and ISPRS Joint Workshop on Remote Sensing and Data Fusion over Urban Areas (URBAN)
- ❑ 8th International Symposium of Remote Sensing of Urban Areas (URS)

Call for Papers

JURSE 2011 intends to be a unique forum for urban remote sensing with respect to the Information Technology and Geoscience community. Prospective authors are invited to submit a full paper of maximum 4 pages via the web interface. These papers will undergo a review process. Accepted papers will be published on CD-ROM and via IEEE Xplore.

Student Paper Competition

During the forthcoming JURSE 2011 a student paper competition will be held. For students whose paper will be accepted for this session, conference sponsors provide funds for partial reimbursement of travel and lodging expenses.

Topics

- ❑ New data & sensors for urban area remote sensing
- ❑ Structure detection and characterization in urban areas
- ❑ Algorithms and techniques for remotely sensed data interpretation in urban areas
- ❑ Algorithms and techniques for urban area applications

- ❑ Urban Climatology, Geology, and Geohazards
- ❑ RS Applications to Social Science
- ❑ RS Applications to Urban Planning and Conservation
- ❑ Urban Development and Growth Pattern
- ❑ Urban/Periurban Ecology

Important Dates

Submission of full paper: 30 September 2010
Notification of acceptance: 10 December 2010
Camera Ready Manuscripts: 31 January 2011
